

Supply Chain Mentoring Program

Expressions of Interest 2012

The Supply Chain Mentoring Program sponsored by Dexion actively seeks to bring together successful professionals with supply chain practitioners who are seeking guidance in their career path. The LAA and apics are proud to present this opportunity to their members.

The program entails matching a less experienced supply chain practitioner (mentee) with an experienced and professional manager (mentor), enabling them to meet on a regular basis to discuss supply chain issues and challenges.

This program will be offered in NSW, VIC, SA and QLD.

If you are interested in becoming a mentor or a mentee please contact:

email: mentor@laa.asn.au
Tel: 1300 651 911.

The Society for Supply Chain Professionals

Welcome New Friend

Corplex

Corplex is a privately owned construction

company founded in 1990 and has developed an impressive reputation with its clients as a premium supplier of cost effective and timely construction solutions based on industry best practice and continuous process improvement.

WHAT WE BRING TO THE TABLE

Corplex has proven its capability and experience in all aspects of construction, having built more than 300 buildings for a diverse range of clients including:

- Local Government (Community Centres)
- Education Providers (BER)
- Aged & Health Care
- Warehousing, Logistics & Manufacturing
- Retail & Commercial

In collaboration with our clients, we create buildings that are modern, environmentally responsible and cost effective.

With over 80 years of management and engineering experience in delivering quality construction on time and within budget, we welcome the opportunity to discuss your current or future projects in the built environment.

Our flexible approach to construction, property development and refurbishments has resulted in a reputation for outstanding performance.

"Corplex's best advertisement is the way they conduct their business" – Mario Nasti | Managing Director, Class Plastics.

There are three businesses in the Corplex stable that cover every aspect of the construction process.

First, Corplex Construction Management (CCM) designs and constructs buildings to our clients' individual needs. From land acquisition to the completed building, CCM handles every step with the help of our highly experienced staff, which includes civil and structural engineers, project and site managers, specialist tradesmen and contractors and OH&S staff.

Secondly, Corplex Fitout Solutions (CFS)

can provide our clients with internal and external fit outs that are highly functional and attractive, and which enhance the value and look of their buildings.

Thirdly, Corplex Property Management (CPM) can help minimise vacancies and maximise our clients' returns by providing services such as accounts management, property maintenance, tenant liaising and negotiations, outgoing reconciliation, insurance coverage and all other day-to-day needs. CPM provides our clients with a professional service based on efficiency, integrity and knowledge.

DESIGN. BUILD. MANAGE.

Corplex offers expertise in a number of areas. We are able to offer a strategically formulated construction programme and sustained management control for each project ensuring the highest quality outcome for our clients.

Following are some of the areas of construction for which Corplex can offer our expert services:

- Commercial, industrial and residential design
- Town planning consulting and management
- Engineering services, including structural, civil and hydraulic design
- Programme and construction management
- On-site project management
- OH&S program development and management
- Tilt-up and pre-cast concrete works
- Structural steel design and erect
- Mechanical & hydraulic services
- Electrical and data works
- Office fit-outs, refurbishments and external finishes
- Concrete & asphalt works
- Landscaping works

We welcome the opportunity to discuss your current or future construction requirements.

To arrange an appointment or for general sales enquiries, please contact us on 03 8336 1439 or email info@corplex.com.au
